## Back to Session!

### WELCOME BACK LEGISLATORS

A fruitful start to the year: new committees and exciting opportunities! The first month started with a sprint! Although I enjoyed my previous assignments, I'm thrilled to share that Speaker Rivas has appointed me to new committees this year. I am now a member of Communications and Conveyance (C&C), Business and Professions (B&P), Jobs, Economic Development, and the Economy (JEDE), Public Employment and Retirement (PER), and Public Safety (PS) committees. I'm eager to learn more about these subjects and work alongside my colleagues in the coming months.

## My statement on Governor Newsom's 2024-25 CA State Budget Proposal

*"In these challenging times, it is important to prioritize the well-being and livelihoods of all Californians. The Governor's budget proposal recognizes the uncertainty of our state's revenue and strives to protect vital investments that benefit our communities.*

*It is important that our budget reflects not only short-term fiscal responsibility, but also a commitment to building a stronger and more equitable future for all Californians. I am confident that with collaboration and careful consideration in the Assembly, we can create a budget that serves the needs of our state and its people."*

## KOREAN American Day

It was my privilege to address the Assembly floor in support of HR 62, which commemorates January 13th as Korean American Day. This day marks the anniversary of the first Korean immigrants' arrival on American soil in 1903. As the fifth largest Asian American ethnic group in the United States, Korean Americans have made significant contributions to society.

California alone is home to over 500,000 Korean Americans. I hope everyone had the opportunity to celebrate this day by enjoying some K-dramas, K-pop, and Korean barbecue.
