Want to hear the latest about conservation planning tools and funding opportunities that are available from State Government?

Please join Assemblymember Marc Levine, California Department of Resources and California State Parks staff, and conservation leaders for an informational briefing on March 15th at Novato City Hall from 10am to 12pm.

Discussion topics will include:

• Proposition 68 funding opportunities.
• How State Law can help you create wildlife corridors.
• How the North Bay can participate in the Regional Conservation Investment Strategies Program, which is a voluntary tool regions can use to protect vulnerable species and habitats.

Interested individuals in local government, nonprofits, and business are all invited to attend.
